

Drought Response Tips

Utah is experiencing one of the worst droughts on record. We don't know long it will last, so we all need to reduce our use. Extreme drought calls for extreme water-saving measures by all individuals, businesses, institutions and industries.

Water Less & When It's Coolest
Northern Utah: water 2x per week
 (Don't water between 10 a.m.-6 p.m.)

Southern Utah: water 3x per week
 Don't water between 10 a.m.-8 p.m.)

Raise Your Mower
 Set blades at 3-4" to shade roots and reduce evaporation

Prioritize Your Watering

Don't water when it's windy
 Winds above 5 mph increase evaporation

Get a Rebate
 Smart irrigation controllers: up to \$75
 Toilets: up to \$100
